Asia WealthBriefing Awards 2016

ERI wins the "Portfolio Management" category - twice

ERI, with its OLYMPIC Banking System software package, has been crowned best in the "Portfolio Management" category in both Hong Kong and Singapore, by WealthBriefing.

These two awards add to those ERI already won at the European and Swiss WealthBriefing Awards earlier this year, further confirming the international coverage that ERI can provide to its customers.

Nicholas Hacking, Director, ERI commented: "We are proud to have been voted the winner of these awards, and this in both Hong Kong and Singapore. This reflects that ERI is not only a leading player in the wealth management systems sector in Europe, but is also present, and acknowledged to be a best of breed provider, in two of the leading Asian centres for wealth management".
