F10 FINTECH
INCUBATOR &
ACCELERATOR

ERI has joined the F10 FinTech Incubator & Accelerator

ERI has joined the **F10** FinTech Incubator & Accelerator as part of its on-going commitment to ensuring that the OLYMPIC Banking System takes full advantage of the innovation and disruption that is happening at an ever-increasing pace in financial services on a world-wide basis.

As the OLYMPIC Banking System is in use by 300 banks and financial institutions across over 50 countries, ERI is constantly ensuring that the product evolves to meet the needs of its very demanding and diverse international client base. We are convinced that an active participation in the discussions, workshops and sharing which takes place daily within the F10 will provide further sources of ideas, of collaboration, and of advances in technology which can then be used for the benefit of our customer base.

F10 is a Zurich-based FinTech Incubator and Accelerator that supports and guides Start-ups in transforming their ideas into successful companies, all the while stimulating worldwide collaboration with international finance organisations. The accelerator already has a proven track record of innovation, acceleration and product creation for financial services. F10 is sponsored by SIX, the backbone of the Swiss financial centre providing a comprehensive range of services in the areas of securities trading, settlement of securities transactions, financial information processing and cashless payment transactions.

ERI welcomes this initiative and looks forward to a productive and active role alongside this very active player in the worldwide Fintech scene.
