

PRESS RELEASE

June 2019

For immediate release

PROVEN Wealth Limited (PWL) has chosen the OLYMPIC Banking System

ERI is pleased to announce that PROVEN Wealth Limited (PWL), one of the Caribbean's premier wealth management companies, located in Jamaica, has selected the OLYMPIC Banking System to run its wealth management operations. Jamaica is a new territory in which the OLYMPIC Banking System will be installed and will introduce to the region ERI's ground-breaking software, which offers a wide range of functionalities.

PWL was impressed by ERI's experience and qualifications, as evidenced by the diverse operational profile with installations in more than 50 countries. Executives at PWL highlighted the outstanding portfolio and credit management functionalities, which will assist greatly in revolutionising how the firm interacts with and serves its clients. Straight Through Processing (STP) functionalities, specifically regarding order management and client on-boarding, were also key decision factors in selecting the OLYMPIC Banking System.

Selvin Mothersill, PWL's Head of Strategy & Innovation, said: "ERI's demonstrated focus on R&D provides confidence that the firm is keeping abreast of emerging trends and opportunities for financial technology. This is one of the many reasons that ERI is deemed a suitable business partner in executing our digital transformation strategy."
