### **Moventum S.C.A. has successfully installed the new version of OLYMPIC Banking System**

ERI is delighted to announce that its client Moventum S.C.A. in Luxembourg has successfully upgraded their installation of the OLYMPIC Banking System to the latest version.

This upgrade will ensure that the various users and departments within Moventum S.C.A. can benefit fully from the latest version of the application, and access data across the business using the browser-based features of the latest version of the application.

The ability to integrate the multiple business processes of Moventum S.C.A. has also been substantially enhanced due to the technology and functional features available in this latest version.

Moventum S.C.A. is a full service fund platform specialised in supporting independent financial advisors and institutional clients with the technology, tools and resources they need in order to deliver state of the art investment advice and first class investor service.

Moventum provides financial institutions and independent financial advisors (IFAs) with a platform that enables straight through business processing of mutual fund transactions. Its unique infrastructure creates economies of scale and provides customers with consolidated statements of account holdings and IFAs with an aggregation of customer relationships as well as settlement, clearing, record keeping and online account look up services.
