The BBCI chooses the OLYMPIC Banking System

The Banque Burundaise pour le Commerce et l'Investissement (BBCI), headquartered in Bujumbura, has chosen the OLYMPIC Banking System as its new IT platform for all its operations.

The BBCI, one of Burundi's largest banks, wanted to replace its existing Core Banking System with a modern, flexible and scalable solution, to serve its private and corporate clients. After a rigorous evaluation, the OLYMPIC Banking System has been chosen, based on its extensive functionality.

OLYMPIC Banking System : Second implementation in Mauritius

Warwyck Private Bank Ltd, headquartered in Phoenix, Mauritius, has chosen the OLYMPIC Banking System for the development of its private banking business. It is one of the first Banks in Mauritius to be granted a licence as an exclusively private banking and wealth management financial institution.

The Bank intends to offer its clients high quality services based on the Swiss model.

The OLYMPIC Banking System will support the entirety of the Bank's business lines, specifically embarking functionality such as Portfolio Management, Fund Management and Digital Banking.

The Bank will be equipped not only with advanced transaction processing and reporting tools, but also with a highly automated operations capability.

Warwyck Private Bank Ltd commented: "We have very demanding clients, and many of the products we are offering require a high degree of attention to detail. We have selected ERI as our IT platform partner for the future on the basis of the international experience of their solution and the wide functional coverage the product offers."

ERI and SWISSCOM unveil ITO & BPO offering

Greater flexibility to manage IT platforms!

This partnership provides private-banking and wealth management outsourcing services to banks and other organisations operating in the Swiss financial centres.

This new offering brings together the OLYMPIC Banking System software package and Swisscom's banking operation, which will provide the following services: information technology outsourcing (ITO), application management (AM) of OLYMPIC Banking System and third-party applications, as well as business process outsourcing (BPO).

The partnership will see Swisscom provide the infrastructure, host and operate OLYMPIC and third-party systems, and ensure all the applications run on a day-to-day basis. The BPO offering will cover the entire outsourcing of payment processing, securities data management, back-office for securities transactions and document digitisation. Swisscom already provides these services to over 80 banks in Switzerland.

Financial institutions will be able to pick and choose the services they require and by doing so, fine tune their business model to their specific needs.

ERI has joined the F10 FinTech Incubator & Accelerator

ERI has joined the F10 FinTech Incubator & Accelerator as part of its ongoing commitment to ensuring that the OLYMPIC Banking System takes full advantage of the innovation and disruption that is happening at an ever-increasing pace in financial services on a worldwide basis.

F10 is a Zurich-based FinTech Incubator and Accelerator that supports and guides Start-ups in transforming their ideas into successful companies, all the while stimulating worldwide collaboration with international finance organisations. The accelerator already has a proven track record of innovation, acceleration and product creation for financial services.

Europe and Asia: WealthBriefing 2017 Awards for ERI

WealthBriefing, the leading online journal and news website dedicated to serving the Private Banking and Wealth Management sector, awards every year companies which have demonstrated innovation and excellence.

ERI won the European Award in the Transaction Processing Solution category, the judges considering that for the OLYMPIC Banking System: "the speed and efficiency of the system was clearly demonstrated alongside an ability to deliver projects consistently over time".

ERI also won the WealthBriefing Award in the "Portfolio Management" category, with the jury saying "OLYMPIC Banking System is the most comprehensive solution for portfolio management with a strong advisory module focused on delivering asset allocation models".

25th Interbank Challenge - ERI Trophy

Organised by the Monaco Yacht Club, ERI sponsors the Interbank Challenge - ERI Trophy that, for 25 years, has been bringing together sailors from the banking and financial sector under the distinguished patronage of the Monaco Association for Financial Activities.

For the 2017 special anniversary edition, some 50 competitors, representing 9 teams, came to defend their banks' colours. Intended as a fun event, the race is also an opportunity for amateurs to take part in a sports competition. And after all these years, the number of competitors has never dropped off.

The race was once again a huge success.

It was a great moment organized in a wonderful atmosphere, a weekend of sharing, exchange and conviviality that ended with the victory of Crédit Suisse Genève. 1-2 July 2017
